Mechanism for selecting Saudi Games riders

Show Jumping

(Male-Female)

The Riders

- The riders enter the registration link through the registration link of the Saudi Equestrian Federation.
- All registered riders are entered through the electronic link.
- The riders are sorted according to the points of the general ranking in the Saudi Equestrian Federation for the season 2022/2023 for the best 56 riders.
- It is required to form 14 teams, each team consisting of four riders.
- The best 14 riders are chosen according to points as Captains.
- The rest of the riders are divided into three groups of 14 riders each (the riders of group A are from the next highest ranking, the riders of group B for those who follow them directly, and the riders of group C for those who follow them).
- A draw is made between the heads of the teams for the three groups, so that the formation of each team is a rider from each group.

2023

- The rider must be registered with the Saudi Equestrian Federation and have a valid membership.
- The rider should not have penalties or notes from the International Equestrian Federation or the Saudi Equestrian Federation.
- The rider must be at least 14 years old.
- The rider should be among the riders participating in the previous equestrian season and have a ranking and points among the highest points that qualify him to participate.
- The rider must be a Saudi national, or born in Saudi Arabia, or from a Saudi mother, or have a valid residence permit .

Horses

- The participating rider's horse must be registered with the Saudi Equestrian Federation and have a valid membership.
- The horse of the participating rider must have obtained all vaccinations according to the law of the International Federation.
- The horse must pass the vet inspection preceding the show.
- The participating rider's horse should not have sanctions or notes from the International Equestrian Federation or the Saudi Equestrian Federation.

4 riders for the team (Male-Female)

- 1- Team leader (according to the highest points rating)
- 2- (3) Members, 1 rider selected from each level
- 3- Coach (in coordination between the riders, and the final decision is for the team captain)
- 4- Administrators (coordination between The Riders, and the final decision is for the team captain)
